

A Novel Approach to Anemia

Introducing HIF SoPHIstication

Presented by **Akebia**
THERAPEUTICS

The Exhibitor Spotlight is not a Continuing Education (CE) activity

CHAPTER

1

Working Toward a More Proactive Anemia Management Approach

CHAPTER

2

An Extracellular Target from the Last Millennium

CHAPTER

3

Illuminating the Science Behind the HIF Pathway

Ellie Kelepouris MD, FAHA, FACP

Perelman School of Medicine
University of Pennsylvania
Philadelphia, PA

Rajiv Agarwal MD, MS

Professor of Medicine
Indiana University
Indianapolis, IN

Join Drs. Ellie Kelepouris and Rajiv Agarwal as they illuminate the HIF pathway and its involvement in anemia of Chronic Kidney Disease (CKD). This informative session will examine the complex and multifactorial nature of this condition and highlight the pressing need for alternative treatment approaches.

Are you interested in learning more about the intricate molecular events driving the regulation of the HIF pathway? Look no further.

This is SoPHIstication at its best. See you in the session.
