

ASN Kidney Week 2023 | Exhibitor Spotlight

Genetics in Nephrology: What are we missing?

Saturday, November 4 | 1:00–1:45pm ET | Pennsylvania Convention Center, Philadelphia, PA
Exhibit Hall B (Enter at Exhibit C) | Theater #2

Dr. Meyeon Park discusses the clinical use of genetic testing in nephrology and RenaCARE study findings, while Dr. Anthony Bleyer shares non-APOL1 genetic findings in African-American patients with CKD.

Lunch will be provided on a first-come, first-served basis. The Exhibitor Spotlight is not a Continuing Education (CE) activity.

13011 McCallen Pass, Building A Suite 100 | Austin, TX 78753 | natera.com

The tests described have been developed and their performance characteristics determined by the CLIA-certified laboratory performing the test. The tests have not been cleared or approved by the US Food and Drug Administration (FDA). Although FDA is exercising enforcement discretion of premarket review and other regulations for laboratory-developed tests in the US, certification of the laboratory is required under CLIA to ensure the quality and validity of the tests. CAP accredited, ISO 13485 certified, and CLIA certified. © 2023 Natera, Inc. All Rights Reserved.
