

1. What are the delivery formats for Early Programs this year?

All 7 Early Programs will have in-person sessions on Wednesday, October 23, in San Diego.

Except for "Point-of-Care Ultrasound in Nephrology," all Early Program sessions will be recorded and made available in the ASN Learning Center in late November.

2. What are the delivery formats for Annual Meeting sessions (October 24–27) this year?

All sessions will take place in-person in San Diego, and all faculty (moderators and speakers) are expected to travel to San Diego for their session(s). If you cannot participate in-person in San Diego, please contact ASN at kidneyweek@asn-online.org as soon as possible.

3. How can faculty find details on their sessions?

Go to the [faculty list](#) and click on your name. Session details include date, time, location, and more.

4. What are the key dates for Annual Meeting faculty?

- **October 9** – Speakers upload preliminary presentations for moderator review. An email with upload instructions will be sent in early October.
- **October 18** – Moderators provide feedback on preliminary presentations to speakers.
- **Session Date** – At least 4 hours prior to the session start time, speakers must check in at the onsite Speaker Ready Room (Room 11).

5. When is the Speaker Ready Room open?

Tuesday, October 22	1:00 p.m. – 5:00 p.m. (Early Program faculty)
Wednesday, October 23	7:00 a.m. – 6:00 p.m.
Thursday, October 24	7:00 a.m. – 6:00 p.m.
Friday, October 25	7:00 a.m. – 6:00 p.m.
Saturday, October 26	7:00 a.m. – 6:00 p.m.
Sunday, October 27	7:00 a.m. – 10:00 a.m.

6. Is there a slide template for Kidney Week 2024? Are faculty required to use it?

[Click here](#) for the slide template. Faculty are encouraged but not required to use it. Please use a widescreen (16:9) slide format if possible.

7. Will “presenter view” be available in the session room?

PowerPoint presenter mode will not be available on the podium laptop, but there will be a confidence monitor on the floor in front of the stage. We recommend that you print your notes and bring them with you for your presentation.

8. Will there be a laser pointer at the podium?

Laser pointers will not be provided. Because your session will be recorded, we ask that you use the mouse cursor to point out details in your presentation, so that participants viewing the recorded presentation are able to see what you are referring to.

9. Are there any restrictions on what faculty can include in their presentations?

Please do not include copyrighted images or videos*, commercial logos, or de-identified patient photos in your presentation.

** Scientific images such as journal figures are permissible; please include complete references.*

10. I have other questions not answered here.

Please refer to the [2024 FAQs](#) and other informational [Kidney Week 2024 webpages](#). Please contact ASN at kidneyweek@asn-online.org with any additional questions.
