

VANTIVE EXHIBITOR SPOTLIGHT

GLOBAL PATHWAYS TO HOME: STRATEGIES FOR SUCCESS

Join Vantive for an Exhibitor Spotlight session that brings together national and international leaders to examine how diverse regions are implementing and scaling successful PD programs. Through discussion of real-world experiences and patient-focused innovations, attendees will gain a comprehensive view of the enablers and challenges in expanding PD access at home. From shared decision-making and prescription management to training and technology, this session provides a dynamic platform for learning and collaboration.
