ASN Kidney Week 2020
1401 H Street NW, Suite 900
Washington, DC 20005

Not adhering to these guidelines may result in a loss of exhibitor priority points and loss of meeting space. Please read in full.

ASN Profile: The American Society of Nephrology ("ASN") is a 501(c)(3) non-profit organization which leads the fight against kidney diseases by educating health professionals, sharing new knowledge, advancing research, and advocating the highest quality care for patients. Kidney Week is the world's premier nephrology meeting.

WHAT IS AN ANCILLARY EVENT?

Any event attended by Kidney Week participants; including but not limited to those hosted by exhibitors, corporate supporters, or attendees of Kidney Week; occurring in Denver, CO over the official meeting dates and/or the meeting shoulder dates; and is determined to be related to nephrology, medicine, or the pharmaceutical industry. If any combination of these conditions are met, the ASN ancillary event policy must be followed regardless of the location of the event.

ASN ANCILLARY EVENT POLICY

The Society requires all activities held in conjunction with Kidney Week be coordinated through ASN. This ensures the Society is aware of every activity, so ASN can better assist participants in planning their agendas or finding a specific activity, while ensuring the primary focus of Kidney Week continues to provide quality continuing education for participants.

ASN does not allow groups to host educational or Continuing Medical Education (CME) events as ancillary events during Kidney Week.

We ask that groups respect the educational focus of the meeting by coordinating all outside activities through the Society. ASN staff will work to schedule your activity in a timely manner.

For all activities, the organizer will take full responsibility for the event or meeting and hold harmless the American Society of Nephrology, its officers, agents, contractors, and employees from any and all liability and costs associated with the activity.
