

2015

FOUNDERS CIRCLE MEMBERS

Thanks to the generosity of our Founding Members, the ASN Foundation for Kidney Research has succeeded in raising \$20,000,000 in four years to endow the Ben J. Lipps Research Fellowship Program.

Established in 2012, the ASN Foundation has endowed the program to ensure it continues in perpetuity. This is one of many steps the ASN Foundation is taking to guarantee the next generation of nephrology clinicians, researchers, and educators who will fuel innovation and translate findings into improved quality of life for patients.

The ASN Foundation for Kidney Research gratefully acknowledges the following donors for their generous contributions:

Founding Members

\$10,000,000

\$6,500,000

PKD FOUNDATION
Polycystic Kidney Disease
\$500,000
