

ASN Foundation
for Kidney Research

Time for a Cure

Our mission is to prevent and cure kidney diseases through research and innovation

The ASN Foundation for Kidney Research provides more than \$3,000,000 annually to young investigators, fellows, and nephrology educators through the following programs:

- **ASN Pre-Doctoral Fellowship Award Program**
The program supports PhD students conducting kidney-related research with guidance from a mentor by providing \$10,000 a year per recipient for two years.
- **American Society of Nephrology-Harold Amos Medical Faculty Development Program**
Aiming to increase diversity among future leaders, the award provides four years of research and career development support to a nephrologist from a historically disadvantaged background.
- **Ben J. Lipps Research Fellowship Program**
The program distributes \$50,000 a year per fellow for two years to conduct original, meritorious research.
- **Career Development Grants Program**
The program invests \$100,000 a year per investigator for two years to foster independent research careers and ensure a pipeline of innovative research in the field of nephrology.
- **William and Sandra Bennett Clinical Scholars Program**
The program provides \$50,000 a year for two years to a nephrology educator to conduct a project to advance all facets of nephrology education and teaching.

ASN

Since 1996, ASN and the foundation have provided more than \$35 million in support to more than 375 clinicians, researchers, and educators. With the help of our donors, the ASN Foundation for Kidney Research is making great strides in supporting the next generation of nephrologists who will fuel innovation and translate findings into improved quality of life for patients.

The ASN Foundation is pleased to accept gifts through several giving methods, including:

- Donations via check or credit card
- Gifts of stock
- Donor Advised Fund distributions
- Bequests or other planned gifts
