ASN is the largest publisher in the kidney disease arena. Its four publications, *Clinical Journal of the American Society of Nephrology (CJASN)*, *Journal of the American Society of Nephrology (JASN)*, *Nephrology Self-Assessment Program (NephSAP)* and *ASN Kidney News* offer a venue to disseminate scientific and clinical advances and provide updates on policy and practice that affects kidney patients and providers. These publications allow ASN to educate health professionals and disseminate new knowledge, while providing advertising opportunities for supporters.
